Holly and Leroy Strutton Paroled.

Attorney M. W. Bartlett and Hon. W. P. Cox, who for the past eighteen months have been laboring earnestly to secure paroles for Holly and Leroy Strutton, serving life sentences for the murder of New Seary in 1900, were successful Tuesday in their efforts before the board of Prison Commissioners, and left with the promise that, within thirty days they would be paroled, the action of the Commission meets with general approval by the citizens here, as it is well known that they have both made religion and a thought if they are given a chance will make good citizens. The crime for which they were sentenced was committed on Monday, the 27th day of August, 1900. It was the first day of the August term of Anderson Circuit Court and Judge Frank Peak then, Commonwealth's Attorney, in this Judicial district, was making a political speech in the Court room. The crime was committed in the court house yard and near the monument erected to the Confederate soldiers. But little evidence as to the cases, that led up to the killing, were brought out in the trial. It appeared that New Seary, Will Bryant and Hiram Pocket were talking, when Holly Strutton came up and made some remarks not complimentary to the crowd and Seary took up the quarrel. Leroy, seeing his brother in trouble, came to his assistance and both acknowledged to cutting Seary, who lived only a few minutes after he was cut. The grand jury, which was then in session, brought out indictments for murder against both, and at the December term of court, 1900, Holly Strutton was tried and convicted and sentenced to be hung on March 15th, 1901; his case was appealed and he was given a respite. The ladies of the county made strong appeals for his life and his sentence was commuted to life imprisonment by Gov. Beckham the day before he was to be hanged. Leroy was tried by a special venire from Woodford county and was given a life sentence on April 16th, 1901, the appeal to the jury for mercy by the late Judge Con Bell being instrumental in saving his life. They have made excellent records as prisoners, which went far towards their gaining a parole.—Lawrenceburg News.

Falls From Train And Is Instantly Killed.

While returning from Louisville Sunday evening, John Pruett, colored, age about 65, fell from the train near the three mile bridge, between Lebanon and St. Mary, and sustained injuries from which he died. His dead body was found Monday morning shortly after 7 o'clock by the section hands, who at once telephoned to this city, furnishing the information of his death to Coroner McElroy, who went immediately to the scene of the accident.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional medicine. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; cases out of ten are caused by Catarrh which sometimes has an inflamed condition of the mucous membrane of the throat, and in many cases of Deafness (caused by catarrh) that cannot be cured by local Catarrh Cure. Narrow Escape.

T. H. Wilman, a contracting carpenter, of Danville, had a narrow escape from death Sunday night while returning home after a visit to relatives in Anderson county. The night was dark, and when he crossed the Southern railroad tracks near Salvia his horse turned up the railroad tracks instead of following the pike. On account of the darkness Wilman did not notice the horse's course until the glaring headlights of the late passenger train warned him of his predicament. He attempted to drive his horse out of the way of the on-coming train when he discovered that he was at the end of the long fifty-foot trestle on the road in that vicinity. Before he could get out of his buggy the morning train struck him, and he, his horse and buggy were thrown

All Sheep Must Go To Be Dipped Before Shipping Out of State.

Frankfort, Ky.—The U. S. Department of Agriculture has sent to the State Department the following order: "You are informed that amendment 4 to B. A. I. Order 149, which places a Federal quarantine on Kentucky sheep on account of the existence of scabies, provides that all dipping, required under the regulations, shall be done at points where Federal inspection is maintained. Louisville is, at present, the only place in the State where dipping facilities are available and where inspectors stationed, but if proper yarding and dipping facilities should be installed at other points, the Secretary of Agriculture will, no doubt, consider the advisability of maintaining inspectors at such places for the purpose of inspecting and dipping sheep for the convenience of shippers."

Discharged From Insane Asylum

Frankfort, Ky., June 11.—Although he has been discharged from the insane asylum at Lakeland as cured, and although he is now at his home in Henry county, Dr. W. L. Nuttall, formerly superintendent of the Institute for the Feeble-Minded here, will not have to face trial on a charge of unlawfully detaining a woman inmate of the institution. It developed today, when it became known here that Dr. Nuttall had been released from the asylum, that the indictment against him had been dismissed. This was done at the April term of court, but nothing was known of it except to the court officials. The indictment was dismissed on statement from B. B. Frank, Commonwealth's Attorney, who said that the accused man had been found insane and sent to the asylum and he thought it would be impossible to secure a conviction in the case.

Red Foxes in Heart of Frankfort

Frankfort has a den of live red foxes right in the heart of the city, or rather it is hard to find the den till Houston Wood and Dyke Hazelrigg discovered it and caught the young foxes. The old fox made her home under a small pile of lumber in the rear of Mr. Hazelrigg's house, Watson Court. One of the young ones was shot by Mr. Hazelrigg Thursday morning and another was caught alive by Mr. Wood who fastened a fish hook on the end of a stick and caught the fox like he would a fish. Mr. Wood has the frisky youngster in a box and says he will keep him for a pet.—Frankfort News.

Jersey Sale

A large crowd attended Hart Wallace's sale of registered Jersey cattle Wednesday at his farm northwest of Shelbyville. Bidding was spirited and good prices were realized. The entire lot, consisting of 55 head of cows, bulls and calves, brought \$12,500, which was an average of \$160 each. The greater part of the cattle were bought by Virginia parties.

Election Is Called.

The petition asking that an election be called to take the sense of the voters of Lebanon on the question whether or not local option shall be continued in this city, was filed with the county court at the regular term Monday. It contains 272 names, and was tendered by Attorney Ben Spalding. As but 25 per cent of the total vote cast in Lebanon at the last election was required, the petition contains 99 names more than the necessary number. There was no objection made to filing the paper, and an order was entered fixing the date for the election Thursday, August 11. The county board of election commissioners is directed to appoint officers to hold the election, and the officers so appointed are to hold a special registration on July 26 to permit those who are not now on the 1909 registration books, and are eligible to vote, to register. Just how the 272 petitioners are divided with reference to color cannot be told as color is not designated on the petition.—Lebanon Enterprise.

Gold Found.

A dispatch from Danville says that George Kelly, of Boyle county whose services are in wide demand as a guide to city fishermen, on Thursday while diving for fish below King's Mill, struck a box which, on being brought up, proved to contain three five-dollar gold pieces and three one-dollar gold pieces, all of considerable age. One end of the box, which was of cedar, had rotted away, as the box would contain about a peck, it is believed that more money had been there. Mr. Kelly dived several times afterwards but was unable to find any more. It is believed that the money was buried in the little chest during the war and that the box dropped into the water through the grumbling of the bank, so it is believed that other money is loose in the ground in the neighborhood and a search will be made.

Don't Be Annoyed

AVIATION MEETING

Will Attract Thousands To Louisville Saturday And Sunday.

Nothing that has taken place in Kentucky recent years has aroused more the interest that is being manifested in the Times Aviation Meet that is to be held in Louisville at Churchill Downs on June 18 and 19, and recent advancements in aeronautics have served to create an intense desire on the part of every person, both old and young, to see aeroplanes in action.

The recent remarkable flight of Glenn H. Curtiss, who flew 150 miles from Albany to New York, and the previous performance of Louis Paulhan, the Frenchman, who flew from London to Manchester, in England, are still fresh in the public mind, and as Curtiss heads a team of aviators to appear at the Times Meet, thousands will journey from all parts of the State to see this wonderful birdman display some of his remarkable feats.

Besides Curtiss will be Charles K. Hamilton, who has entered for the \$30,000 prize flight from New York to Chicago; C. J. ("Bud") Mars, who also will try for this handsome purse; Horace B. Wild, who is to essay a flight from Chicago to Louisville by aeroplane, and Carl Bates, who is also a daring sky-pilot.

The aviators obtained by the Times have already proved their mettle, and the meet promises in every way to outstrip any other given in the United States. The Times is spending thousands of dollars to bring these birdmen to Louisville and the enterprise doubtless will prove attractive to thousands of persons all over the State, few of whom have ever seen an aeroplane in action. Thus its educational value will make it well worth the time of everybody who wishes to keep abreast of the times.

The Celebrated Brown

Pivot Beam Combined Cultivator

We offer this cultivator to the trade as the "Boss" of the Corn Field. It can be used successfully in any kind of ground. The special features are—The Pivot Beam—enabling the operator by forward pressure on the foot treadle to shift the beams in their lateral movement. Beams can be yoked together or worked independent as desired. Any desired penetration can be secured. The tongue is perfectly balanced by lever; no flying as is the case on other cultivators. Ease of tongue is perfectly balanced by lever; no flying as is the case on other cultivators. Ease of management. Any boy that can drive a team can operate it as well as a man. It dodges quickly, which is very desirable in crooked corn. Our trip spring is perfection itself. It is in a class by itself. Buy a BROWN and get rid of the BLUES. We have the best line of Walking Tongue and Tongueless Cultivators and Double Shovel Plows that are made.

THE NEWS-LEADER

SPRINGFIELD, KY.

PUBLISHED EVERY THURSDAY.

JAMES R. NOE JOSEPH POLIN

Editors and Publishers.

THURSDAY, JUNE 10, 1910.

It is reported from many of the counties of the State that the tobacco crop will be short; in many it is claimed there will not be half a crop raised. However this does not apply to Washington county as prospects here indicate one of the largest crops in the history of the county. Tobacco plants were plentiful and almost all the farmers have planted their entire crop. The acreage is large and all have commenced growing rapidly.

Hillsboro.

The people of Hillsboro have been very busy during the recent wet weather setting tobacco.

Last Thursday and Friday we had a cloud burst here, the rain fell in torrents for about 8 hours and caused an overflow of every creek and branch. Long Lick creek was higher than it has been for several years. Crops of corn and tobacco were greatly damaged.

Mr. Sabe Coulter, wife and son visited Mr. Nancy Scott Saturday and Sunday.

J. A. Coulter wife and family visited Mr. Alex Sutton, near Valley Hill, last Sunday.

Miss Myrtle Barr, of this place, visited her grandfather, Sutton last week.

I, H. THURMAN, Executor of the will of Martin Simpson

Make the wonderful progress of the age. Air rights on heavy machinery, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders Dr. King's New Discovery—to save life when threatened by coughs, colds, la grippe, asthma, croup, bronchitis, hoarseness, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. It's the secret cure. James M. Black of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after 111 other remedies failed. 50c and \$1.00. A trial bottle free. Guaranteed by Haddon & Robertson.
